

Stellar Phoenix Excel Recovery

Version 4.1

Installation Guide

Overview

Stellar Phoenix Excel Recovery is designed to repair corrupt Microsoft Excel (.xls and .xlsx) files. This software scans all selected Excel files and uses an advanced algorithm to restore Excel files back to their original state. The recovered files can either be saved to their original location on the hard disk, or to any user-specified location.

You can search for corrupt/damaged Excel files in folders and drives. You can preview the repaired Excel files before saving to a location and save the files to original location or specific location.
