

Stellar Phoenix **Novell** (NSS) Data Recovery Software

Stellar Phoenix Novell (NSS)

Stellar Phoenix Novell is data recovery software that allows you to recover lost data from corrupt volumes of a failed Server. This robust software can recover data from all drives with Novell Netware partitions. It can even access data on volume(s) which cannot be mounted. Lost Data is typically recovered from corrupt volumes, missing volumes, volumes with deleted files and/or allocation errors, and partition losses.

Phoenix Novell follows a 3 step process in recovering lost data. The software has a fully automated wizard which walks you through these simple steps:

Evaluation - Phoenix identifies the device, locates all partition(s) on this inaccessible disk and then displays them in a list.

Analysis - It examines the remains of the file structure and the data area of the inaccessible drive and works out the best path to recover files and directories.

Recovery - All recoverable files and directories are presented in a tree structure. You can select any amount of data, from one file to an entire drive, and move it to a safe location.

Key Features:

- Novell Netware data recovery from corrupt volumes after damage in file data structures.
- Novell Netware Partition Recovery from sub allocated data volumes.
- Provides Netware Volume recovery from compressed files and directories.
- Data recovery from segmented volumes.
- Data Recovery from volumes in which repair fails to repair corrupt volumes.
- Provides Novell partition recovery through a structured Phase-wise analysis requiring no technical skill.
- Need not be installed prior to data loss.
- Multi-Disk Drive Support - Perform Novell data recovery on all IDE, EIDE and SCSI disk devices.

Systems Requirement:

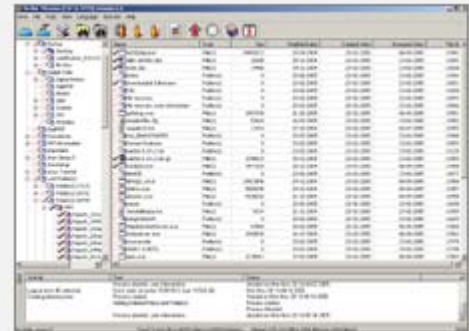

- Operating System: Windows 98/ME/NT4.0/2000/XP/2003 (Software will not run on Netware Server)
- RAM: 64 MB minimum (128 MB recommended)

File System Supported: Ext2 and Ext3

Operating System Supported: Novell Netware 6 and 6.5

Software License Options:

- Administrator License
- Technician License
